## HCG Foundation Annual Report 2023-24

Message by the Executive Director **Mrs. Anjali Ajaikumar Rossi**

**Executive Director**  
HCG Foundation

In the past year, HCG Foundation has made significant strides in our mission to combat cancer. Through dedicated research, compassionate care, and tireless advocacy, we've empowered patients, advanced treatment options, and raised awareness about prevention.

As we move forward, we remain committed to our cause, fueled by your unwavering support and dedication. Together, we continue to bring hope and healing to those affected by cancer. Thank you for standing with us on this vital journey.

The HCG Foundation is a unique not-forprofit organization that raises funds through donations, CSR, and fundraising events to help economically marginalized cancer patients. The Foundation was constituted and registered as a public charitable trust on 4th December 2006 to improve the quality of life of cancer patients by empowering them to avail the best that medical science can offer. The Foundation has embarked on a journey of creating its identity by mobilizing funds by organizing interesting events, art shows optimizing various visibility opportunities to increase awareness, and aiding patients on the road to swift recovery.

From the patient's assessment to their activities following treatment, the Foundation strives to be there every step of the way. As we believe in prevention before cure, the Foundation also focuses on prevention and awareness activities related to cancer.

**Mrs. Anjali Ajaikumar Rossi**  
**Executive Director**  
HCG Foundation

## VISION, MISSION, VALUES

### VISION

Ensure access to quality cancer treatment for those in need and create awareness about cancer and its prevention

### MISSION

- Provide financial and psychological support to those who cannot afford cancer treatment.
- Spread awareness about cancer.
- Make early detection services more accessible for rural communities.
- Provide psychological support to the family of cancer patients.
- Educate individuals on healthy lifestyle habits and prevention of cancer.
- Sponsor, Promote and Conduct research activities towards the prevention, treatment and eradication of cancer.

### VALUES

- **Integrity** : Driven by truth, ethics, and facts.
- **Compassion** : Caring for and supporting those touched by cancer.
- **Courage** : Undeterred by challenges and bold in action.
- **Determination** : Relentlessly pursuing a world without cancer.

52% Increase in Patients Assisted & 154% increase in Camps conducted

 PATIENT-AID PROGRAM

India has made significant advances in accessing effective and advanced cancer treatment. The Foundation is able to entrust the patients we fund into the care of capable doctors to avail of the correct cancer treatment. We have seen tremendous success in the health of the patients who have approached the Foundation. The core goal of the Foundation is to alleviate the economic burden of bearing the cost of the disease by providing financial aid for quality treatment. The fund is utilized only for general ward patients on a case-by-case basis. Only those patients who show critical economic need and cannot afford treatment, are helped in this program.

**HCG Foundation has helped over 5000 patients since its inception via:**

- Concessions in the cost of treatment
- Covering the entire cost of treatment
- Providing medications for free (Drug Support)
- Wellness Support
- Psychological Support
- Provide employment opportunities (affected families)
- Education support

**During FY 2023-24, we helped 86 patients financially and 68 patients with free medicine and subsidized treatment.**

## HOW WE HELP PATIENTS?

### DIRECT AID- FUNDRAISING AND DONATIONS

- By providing free or subsidized cancer care to patients who cannot afford treatment.
- The Foundation also aids with the treatment of children who are suffering from cancer.

### INDIRECT SUPPORT

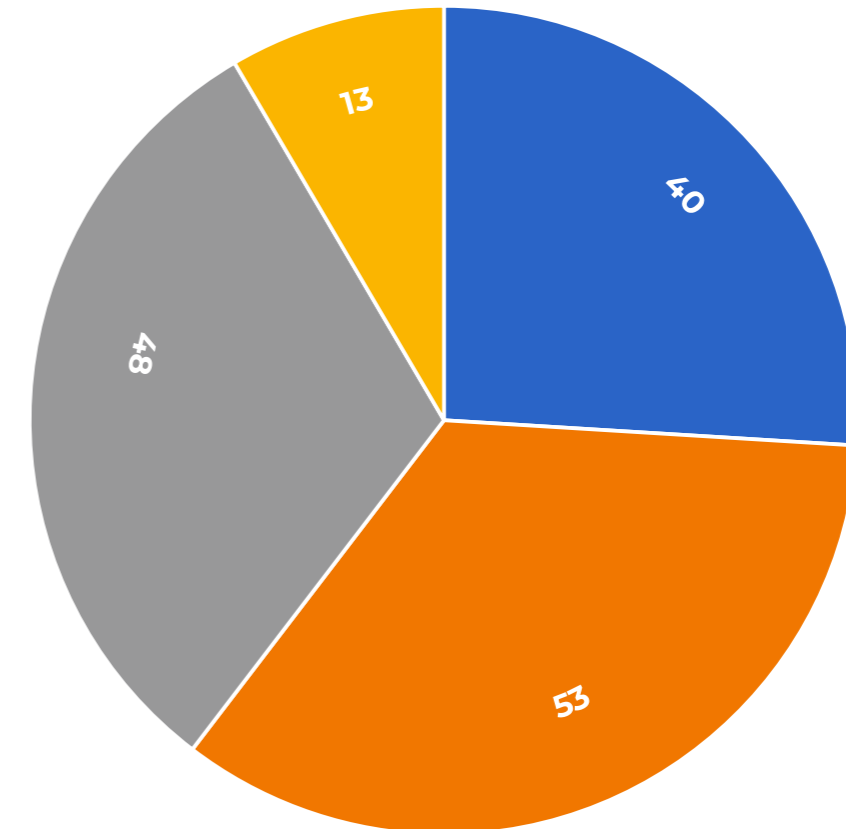

- The foundation conducts various activities for the patients to lift their spirits and provide them with a creative outlet.
- It also takes necessary steps for the upkeep, maintenance, and welfare of cancer patients and their families.
- Furthermore, it educates and sensitizes the public on the need to empathize and help cancer patients and spread awareness about the disease of cancer and its prevention through books, lectures, meetings, seminars, and exhibitions.

### DONATIONS: External sources:

- Voluntary contributions from individual donors and agencies, who share our vision for a cancer-free world.
- Donation appeals are sent to agencies and individuals requesting support for our

## Diagram: Age-wise Distribution

### AGE WISE DISTRIBUTION OF PATIENTS

- Paediatric (01-15)
- AYA (16-40)
- Adult (40-60)
- Geriatric (60+)

Number of patients assisted (distributed by age AYA- adolescents and young adults\*)

Number of Patients (Categorized by type of treatment)

## BUS AWARENESS CAMPS

### Mobile Cancer Awareness Bus currently deployed in Mysore.

With the advent of mobile health clinics, rural people now have access to vetted awareness material and cancer prevention and screening. We have conducted over 300 camps and reached over 30,000 participants through our mobile clinic.

The HCG Foundation engages in cancer awareness events regularly. The volunteers and staff of HCG Foundation extend their realm of work and reach out to different populations with the message of Cancer prevention. Participation in various activities to disseminate information on cancer risk factors, the importance of cancer screening, and early detection of disease is a regular feature.

Aiming at overcoming the hurdle of transportation that comes in the way of medical check-ups, the HCG Foundation, in association with Infosys Foundation, launched a mobile cancer clinic in Karnataka in 2014.

Staffed with a doctor, nurse, and paramedical staff (around five in all), the clinic is equipped with mammography, an x-ray system, pathology, and a lab. The mobile cancer clinic is deployed in Gulbarga to cater to districts in north Karnataka.

The mobile clinic creates accessibility to advanced cancer screening and early diagnosis. It is a fully sufficient bus with advanced technology that helps in creating awareness by disseminating information about cancer through a television fitted inside the mobile clinic with provision to beam images onto a screen outside.

Using our mobile bus clinic, the furthest mile will be reached and educated on the intricacies of cancer. The goal of the mobile bus clinic is to leverage pre-existing infrastructure in the local communities to continue to educate diagnose and detect at the early stage in rural communities.

14 <sup>th</sup> Feb 2024	Childhood Cancer Day & Valentine's Day celebration	Swasti Gallery, HCG Hospital

 Art Activity with Paediatric Patients

At Swasti Gallery, Bangalore the New Year and Christmas celebrations were nothing short of heartwarming as pediatric patients immersed themselves in festive cheer. These resilient children crafted thoughtful greeting cards, adorned with creativity and love, for their dedicated nurses, doctors, and caretakers, along with some for themselves. A few artistic souls even captured the essence of their caregivers by intricately drawing them with their distinctive props, like red pockets and spectacles, adding a personal touch to their expressions of gratitude. Amidst shared laughter and joy, the children indulged in delicious snacks, enjoyed a lively photo shoot, and received gifts generously donated by Alvarez & Marsal India Private Limited, catering to all age groups. It was a celebration of the holidays and the enduring spirit and camaraderie that binds these young fighters and their caregivers together.

## Christmas Gift Giving Celebration

In partnership with Alvarez & Marsel India Private Limited, the HCG Foundation spread joy and warmth this Christmas season by distributing gifts to pediatric cancer patients across multiple locations in India. From HCG Hospitals in Bangalore, Ahmedabad, Gulbarga, Hubli, Jaipur, Kolkata, Mysore, Nagpur, to Ranchi, the spirit of giving brightened the lives of these brave children. Despite being within the hospital walls the festive cheer filled their hearts, uplifting their spirits and spreading smiles all around.

## Childhood Cancer Day & Valentines Day

At Swasti Gallery, the dual celebrations of Childhood Cancer Day and Valentine's Day brought an abundance of love and resilience as pediatric patients came together for a special event. With hearts full of creativity and hope, the children enthusiastically crafted greeting cards and decorated small wooden boards with a kaleidoscope of colorful tapes, stickers, paint, stamps, and whimsical wooden cutouts of flowers, unicorns, and wings. Their artistic endeavors were not only expressions of joy but also reflections of their indomitable spirit in the face of adversity. Amidst shared laughter and the aroma of snacks, the children reveled in a lively photoshoot, capturing precious moments of camaraderie and strength. The celebration was made even more special with the generous donation of a celebration gifts box by Ketto, ensuring that each pediatric patient felt cherished and remembered on this memorable occasion. It was a day filled with love, creativity, and unwavering support, highlighting the beauty and resilience of these young warriors in their journey against cancer.

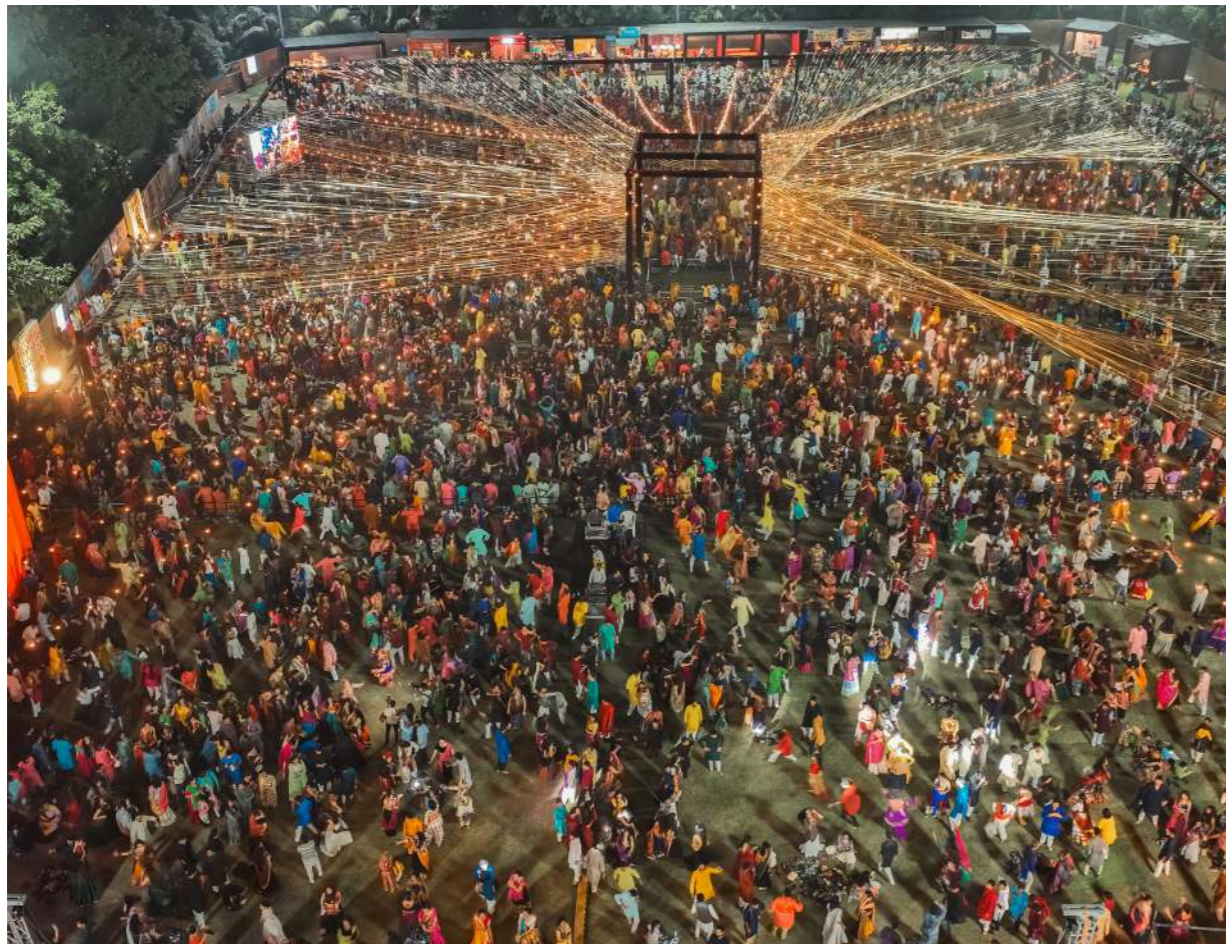

## Fundraising Garba Event

HCG Foundation, this year, on 16th October 2023; organized આરંભ Garba – A Fundraising Event to Fight Cancer at Rajpath Club, Ahmedabad, where all the likeminded generous donors, corporates, important dignitaries and beneficiaries were invited to celebrate the victory of Good over Evil. More than twenty reels of doctors discussing the HCG Foundation and its mission to assist cancer patients who are financially struggling were used to promote this fundraising event.

With the help of over 5000 Kheliya, this fundraising event was a huge success and raised over 50 lakhs. Large sponsors such as A Shirdhar, PSP Projects Ltd, N J Devani Builders, Deepkala Silk Heritage, Heart Foundation & Research Institute, and many more helped to make the event possible. The proceeds from this event will be used to provide cancer treatment at extremely reduced costs or for free to patients at HCG Hospitals in Ahmedabad who are struggling financially.

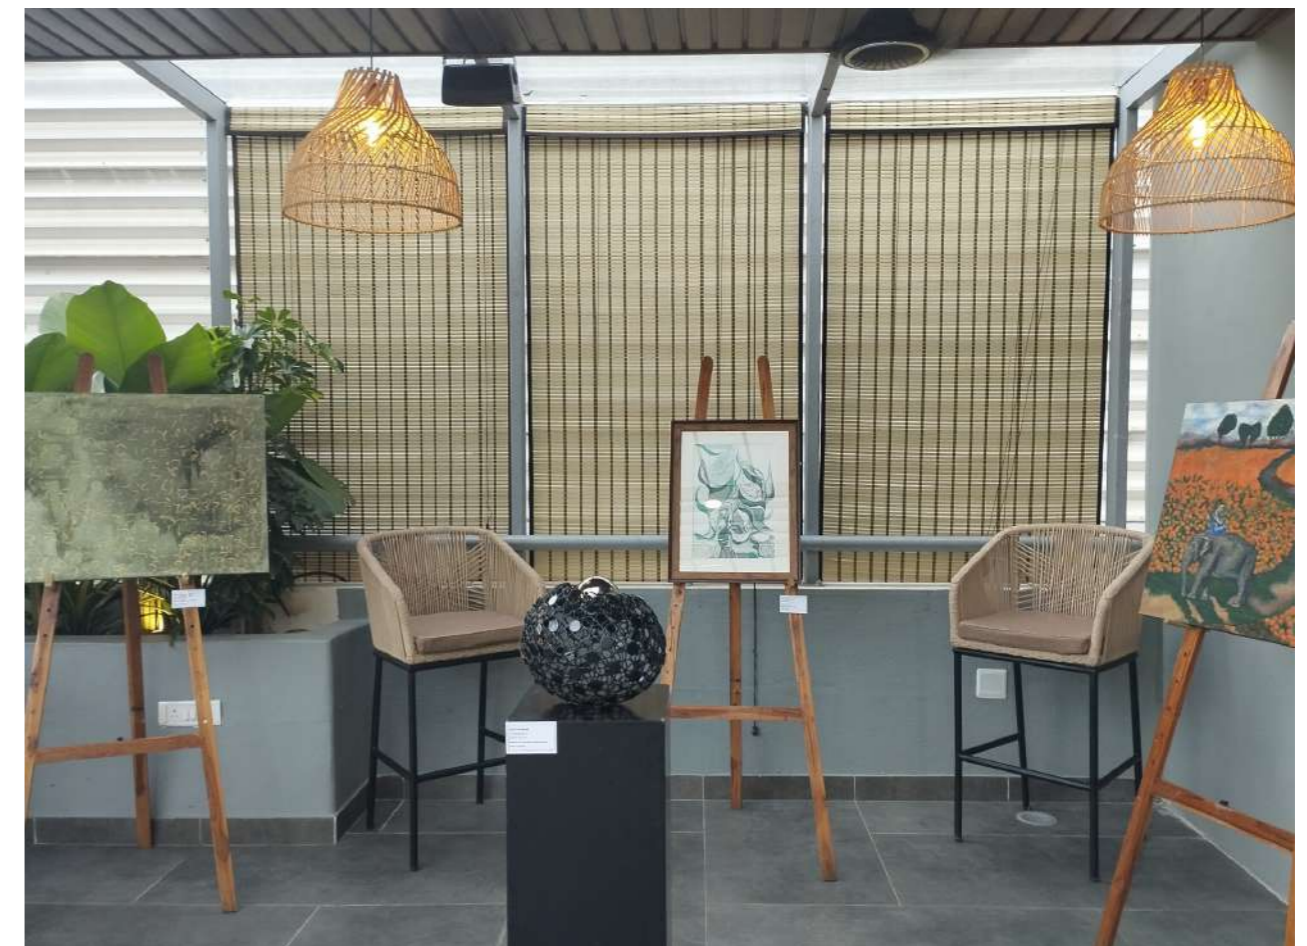

## Fundraising Art show

In a beautiful collaboration, Swasti Gallery joined hands with Lumos Health Advisory to curate an extraordinary event – an all-women art show dedicated to supporting underprivileged breast cancer patients. On the evening of June 8th, 2023, the Inventus Law Rooftop venue welcomed an exclusive preview attended by women from diverse backgrounds across Bangalore.

Beyond the strokes of the brush and the notes of the music, this event was a testament to the power of community and compassion. Every piece of art exhibited and every note played contributed to a noble cause – raising funds to support underprivileged individuals on their journey toward healing.
